

Chest 1

INDEX

	Page
Anatomy and physiology of the respiratory system	1
Diseases and infections of upper respiratory tract	3
Acute bronchitis and tracheitis	5
Obstructive lung diseases	6
Chronic obstructive pulmonary disease (Chronic bronchitis / emphysema)	7
Bronchial asthma	13
Respiratory function tests	21
Respiratory failure	22
Hyperventilation syndrome	24
Pleural diseases	25
Pneumonia	33
Lung abscess	39
Bronchiectasis	42
Cystic fibrosis or congenital polycystic lung	45
Lung collapse	47
Pulmonary fibrosis	49
Bronchogenic carcinoma	50
Bronchial adenoma	54
Mesothelioma	55
Interstitial pulmonary diseases	56

Chest 2	50
Bronchitis	54
Bronchial asthma	55
Mesothelioma	56
Interstitial pulmonary diseases	59
Sarcoidosis	62
Pulmonary tuberculosis	71
Cor Pulmonale	72
Adult respiratory distress S	74
The Mediastinum and its diseases	77
Bronchoscopy, Bronchography	78
Drug induced respiratory disease	79
Sleep apnea syndrome	79
Lung transplantation	80
Histiocytosis X	81
Oxygen therapy	82
Chest wall disorders	83
Eosinophilic pneumonias	83
Diaphragmatic paralysis	84
Management of haemoptysis	84
Important collections	85

General Index

• Nutrition	1
• Vitamins	8
• Therapeutics	14
• Helminths	25
• Protozoal Diseases	36
• Bacterial Infections	42
• Viral infections	56
• Immunology	68
• Genetics	91
• Toxicology	93
• Geriatric Medicine	94
• Climate & environmental factors in disease	96
• Metabolic diseases	98
• Disorders associated with defects in enzymes (lysosomal storage diseases)	98
• Amyloidosis	99

Endocrine 1

INDEX

• **Hormones**

- Hormones 1
- Assessment of Endocrine Function 2
- How can you present a case of endocrinal disease 3

• **The Pituitary Gland**

- Type of Hypothalamic Hormones 5
- Growth Hormone 6
- Anterior Pituitary Hypofunction 7
- Anterior Pituitary Hyperfunction 11
- Disorders of posterior Pituitary 15

• **Thyroid Gland**

- Thyroid Function tests 20
- Hypothyroidism 22
- Thyrotoxicosis 27
- Thyroiditis 35
- Goitre (Thyroid Enlargement) 36
- Thyroid Malignancy 37
- Thyroid Nodules or Solitary nodule 38
- Sick Euthyroid Syndrome 38

• **Parathyroid Gland**

39

Endocrine 2

Euthyroid Syndrome	38
• Parathyroid Gland	39
- Ca Homeostasis and its regulation	39
- Parathyroid function Tests	40
- Hyperparathyroidism	41
- Hypoparathyroidism	44
• Suprarenal Gland	47
- Adrenal Cortical Hypofunction	49
- Adrenal Cortical Hyperfunction	52
- Diseases of the Zona Glomerulosa	55
- Suprarenal Medulla	58
• Diabetes Mellitus	59
- Diagnosis and Classification of DM	59
- Clinical picture of DM	65
- Complications of DM	65
- Investigations of a case of DM	71
- Treatment of Diabetes Mellitus	73
- Brittle diabetes	83
- Hypoglycemia	83
• Gonads	86
- Male Sexual Disorders	86
- Female Sexual Disorders	89
• Puberty	91
• Obesity	92
• Hormone resistance syndromes	94
